<Skins on Farm>
Newcomer Guide

WHAT WE DO

<Skins on Farm> is a RIFT guild on Gelidra (EU) that runs a huge wardrobe project since September 2015. Our goal is to offer the community a big variety of stylish and rare weapon skins for a fair price.

HOW TO BECOME A MEMBER

To become a member you need a guildless character on Gelidra that can be invited to join us. After joining you need to pay the membership fee to get access to the skins. We currently offer two kinds of membership:

1-time access: you can unlock the current stock we offer, unlocking new skins will always require another 1-time access — platinum equivalent of ½ REX

Lifetime access: you can unlock the current stock we offer, stay a member for the lifetime of the project and always update new skins for free — 1 REX or platinum equivalent

HOW TO UNLOCK SKINS

The skins will be unlocked for your wardrobe collection via our guild vaults. The guild vaults can be accessed from a guild banker, which you can usually find in each major city. To unlock a skin, take an item out of the guild vault in your inventory and place it back in the guild vault slot you took it from.
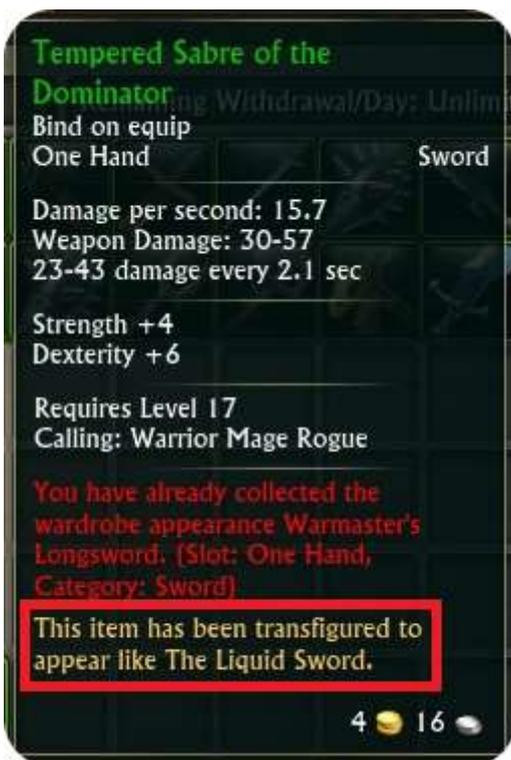

<Skins on Farm> currently owns 5 guild vaults. The skins are sorted by the vaults (general origin of the skin) and in rows (more detailed origin of the skin). Rows might start from left or right side.

For example, vault 1 contains skins from level 50 and level 60 raids. Reading row 3 from left side you find skins from „Greenscale's Blight", at the right side you see a single skin from „Primeveal Feast". The right side of row 5 contains skins of „Frozen Tempest".

TRANSFIGURED ITEMS

It is important to know that most skins in our vaults are transfigured on tradable items. To see if an item has been transfigured check it's tooltip:

A transfigured item always unlocks both skins, the skin of the base item itself and the skin which is transfigured on it. Although he tooltip only shows the skin of the base item (in this case „Warmaster's Longsword) and the name of the ITEM which was transfigured on it. The name of the ITEM! This means the skin name of the item that was transfigured on the tradable item can still be another, which is NOT shown in the tooltip! So the only way you can be sure to not miss skins out is to take all transfigured items out of the vault once at your first unlocking session.

FINDING NEW SKINS

As it is easy to lose overview, new skins will always be announced on guild wall with their exact position in the vaults. This way you can easily unlock new skins. Please mention that vaults/rows may be rearranged from time to time, so don't wait too long with updating your skins! ;-)

GUILD RANKS AND ACCESS

<Skins on Farm> uses following guild ranks (besides leader):

Newcomer: Entry rank. Will usually be promoted shortly after invite.

Watching: View permissions only, to see what we offer (for the curious ones) and parking rank for 1-time customers

Lifetimer: Lifetime members without permanent access permissions

<u>Trusted (Limited):</u> Lifetime members that are allowed to update 3 skins per vault each day without asking for permission

<u>Trusted (Full):</u> Lifetime members that are allowed to update as many skins as they want whenever they like

<u>Representative:</u> Lifetime members that have Trusted (Full) access and have additional rights to serve Lifetimers (grant access under supervision) promote our service and to serve customers, earning a 50% share of their own sales

If you get a trusted rank (and which) is solely decided by the leader based on his first impression on you, your general reputation in the RIFT community and your dedication for the <Skins on Farm> project. Begging for a higher rank will decrease your chance to get promoted. To get a trusted rank it is also required to enter your main character's name in your guild note.

OUR GENERAL UNLOCKING RULES

1. Always only take ONE item out of the vault!
2. Put the item back on SAME SPOT before taking the next!
3. Never equip, steal or trade items with others!
